

Atomic Access Ski

Price: 519

Just another day in paradise.

The snow conditions at the end of any tour can be a crap-shoot, fortunately Atomic's Access Ski compensates with a float-friendly 100mm waist and turn-enabling early-rise tips. The Access's woodcore offers a smooth, dependable flex pattern without weighing you down so save energy out on those long tours.

- As you bounce from pillow to pillow, the Access's Power Rocker 10 floats your tips above the white gold and the smooth flex profile provides a stable platform to open up the throttle
- Thanks to the dampening of Step Down Sidewall all the previous chatter and death cookies feel smooth as silk
- With an all wood core and sandwich construction you will have the extra pop to get up to those hard to reach tree taps and bonks, get some
