## ABOUT US

**LINKAN** Group is a multinational company specialized in the supply of high quality **shower** and bathroom products.

Our offices are strategically located around the world and this allows us to have quick and direct access to our clients and factories and enables us to guarantee the highest service quality throughout the entire order fulfillment process, from order placement, production, quality control to shipping and delivery.

We have years of experience in supplying raw materials, components and finished products for the industry of **shower** and bathroom products. We enter into long-term partnerships with our clients and always deliver value-added services to our clients, along with competitive prices and excellent quality.

Our **shower** doors are specifically designed and manufactured. Whether it is a frameless or framed design, we supply only the very best of **shower** doors and **shower** hardware products. The options available to our customers are endless – from the design, thickness of the glass to the finish of the hardware and more.

Every customer can choose the type of **shower** door that works best for them and for their space.
