Polymer Products

We supply a complete range of polymer skirting boards, architraves, wainscoting, and wall cladding.

Our polymer products :

- Are locally manufactured and are fully recyclable,
- Are waterproof,
- Are termite and insect proof,
- Are maintenance free,
- Will never warp, bend or distort,
- Are very easily installed,
- Are durable, and have lasting quality with consistent and beautiful finishes,
- Are available in a wide range of colours and finishes.

Manufactured from a state of the art polymer material, these products are harder than supawood (mdf) and are exceptionally tough and light. The patterns and colours are fused into the surface, giving you the ultimate, no-nonsense high quality product any homeowner will be proud of.

These polymer products are glued or screwed directly onto the walls with our specially selected range of adhesives.

Bamboo Charcoal Boards - Wall Decor

* Available in Gauteng stores only

Bamboo charcoal boards are a type of wood/plastic board used to embellish modern living spaces.

These boards are naturally water resistant, so they can be used in areas like bathrooms too.

These boards are made from sustainable fast growing bamboo.

They can be used to clad entire walls or used individually to highlight certain areas (usually around flat screen tv's).

PVC Ceiling Boards

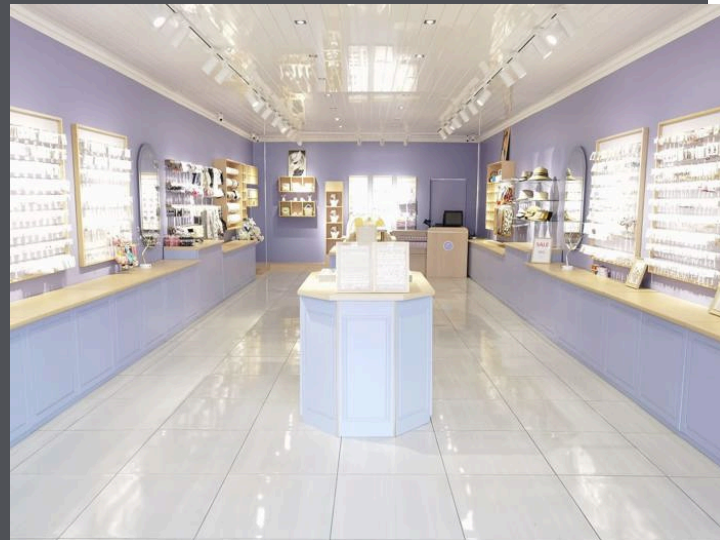

PVC ceilings have taken the industry by storm, and we have carefully selected a top quality, locally manufactured range for our customers. Don't be fooled by cheaper imports that get brittle, crack with time, and get easily damaged during installation. Our range is guaranteed not to disappoint.

The range you see online is what we mostly carry stock of. There are many more patterns and colours to choose from, so feel free to visit our store to see them all.

They offer the following benefits:

- easy to install,
- maintenance free
- need no painting
- inter-locking
- extremely durable
- meet fire resistant specs
- waterproof
- anti-fungal and corrosion resistant
- easy to clean
- fiberglass, asbestos and lead free
- locally manufactured in South Africa

Please note : Panels not from the same batch may vary in colour, so please order sufficient the first time to avoid this.

PVC Ceiling Boards - Factory Range

PVC Ceiling Boards - Factory range. These are boards and designs we offer but don't keep physical stock of at the stores. We also offer them in lengths that you can specify, up to 12 meters long.

These boards are from Gauteng stores only

All ceiling boards offered here are ordered from the factory based on your request., and they are sold per board. Please note that this can take up to 10 days to get to us, but most of the time, it takes a week.

* Please note : Panels not from the same batch may vary in colour, so please order sufficient the first time to avoid this. We do not guarantee the same colour/hue across batches. We do not accept these ceiling boards for returns or exchanges under any circumstances, as these are special orders just for our customers. We also cannot stop the production process once you have ordered them.

We offer 3 types. The 25B series, the 25C series, and the 30D series.

25B series : Printed boards with no grooves (we refer to them as plain). They are 250mm wide by 7mm thick.

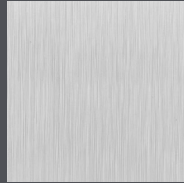

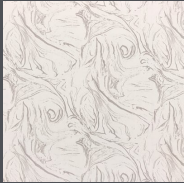

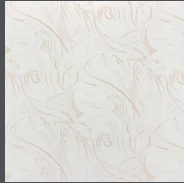

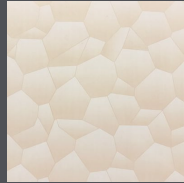

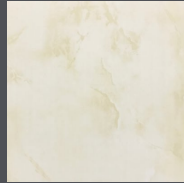

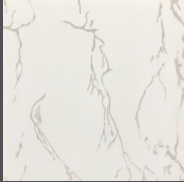

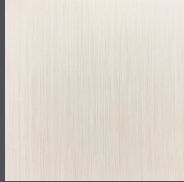

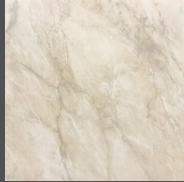

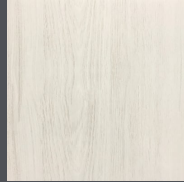

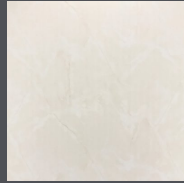

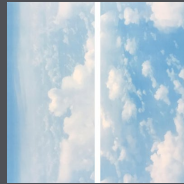

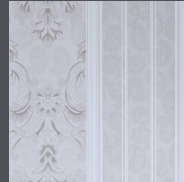

25C series : Printed boards with grooves (we refer to them as grooved). They are 250mm wide by 7mm thick.

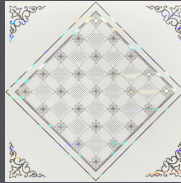

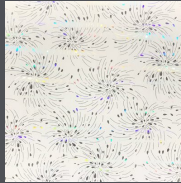

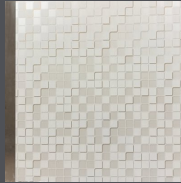

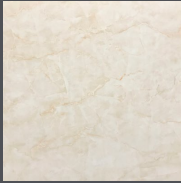

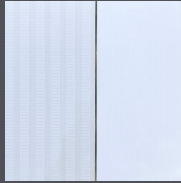

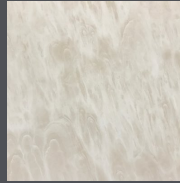

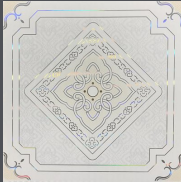

30D series : Foiled boards (these are boards with a patterned foil on their surface. 300mm wide and 10mm thick.

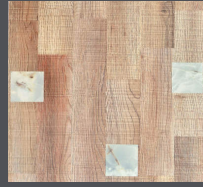

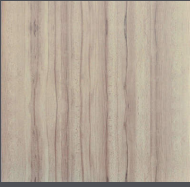

N.B. Some are patterned boards, and as such, we recommend you order half a meter longer or the next longest size in order to match the pattern when you install. e.g. If your room uses 4m boards, order boards that are at least 4.5m long, otherwise you will not be able to match the pattern.

Pricing below is for 4 and 6 meters boards. Please contact the stores for specific lengths you may need.

Type	Length	Price
25B Plain PVC Ceiling Boards 7mm x 250mm	4m	R105
