Frequently Asked Questions

Are these products able to be shipped directly to my client?

All products offered are able to be shipped directly to your clients in compliance with Wells Fargo policies related to the Gramm-Leach-Bliley Act for direct client shipments.

Can an item be delivered on a specific day?

Delivery requests can be included on the Excel order template and every effort will be made to deliver as close to the requested date as possible. We are unable to guarantee a specific delivery date as certain perishable items are only able to deliver during certain days of the week.

When are gifts delivered?

Each item is shipped to ensure maximum freshness upon arrival using national carriers including FedEx, UPS, and the USPS. Most items are delivered within 10 business days, some even sooner. Certain items including fresh fruit, confections, gourmet meats, and many others may not ship over a weekend to avoid spoiling in transit. Your final invoice will indicate the anticipated delivery period for each item ordered.

Are there additional gift items available?

The product offerings in the catalog have been carefully researched and selected based upon several factors including inventory availability, discount structure, and shipping timeline. The Putney Group represents a wide selection of premium brands and can recommend other products based upon your specific gifting needs.

How do I recommend new products to be included in an upcoming catalog?

We are always interested in hearing more about your specific gifting needs. New vendors and products for upcoming catalogs are reviewed January through September. We are unable to review new program vendors during the months of October, November, and December. If you have an idea for a product or a new vendor, please send your requests via email to: questions@theputneygroup.com.

Do gifts featured in the catalog require pre-clearance?

The majority of gifts offered through the program catalog do not require pre-clearance. Any gifts that exceed the \$200 value are noted in the catalog and require pre-clearance through the Global Preclearance System (GPS) prior to being ordered.

Can I submit my order directly to the brands represented in the catalog?

In order to maintain the Wells Fargo compliance policies related to the Gramm-Leach-Bliley Act, all orders must be entered on the MyMarketing portal for review and approval.

May a local vendor ship items direct to my clients?

In order to maintain the Wells Fargo compliance policies related to client gift shipments, only approved vendors are able to receive client information including names and addresses. The Premium Gift Program has been designed and approved to ensure a seamless process to send your clients a thoughtful gift at any time of year. If you have specific questions about adding a vendor to this program, please send your requests via email to: questions@theputneygroup.com. Please note, we are unable to review new program vendors during the months of October, November, and December.
