Catalogue

## HOW IT WORKS.

Step One: Browse the catalogue to find the items you're looking for.

Step Two: For each item you'd like to purchase, check the small box to the top left of each item.

Step Three: When you've added all the desired items, click the orange 'Order Request' button at the top right of the screen.

Step Four: Select scale, and number of each item desired, and after you've checked the price with shipping, simply click the 'Pay Now' button.

**\*\*Should you, for any reason, not enjoy this method of ordering, please use the catalogue to create a shopping list, which you can then email to [admin@ukwarforged.co.uk](mailto:admin@ukwarforged.co.uk) and we will create a custom listing on the website and email the link over when it's all ready to purchase\*\***

This all may seem a little onerous, but it's one of the few methods remaining for us to sell online, so take what will probably be one of the last chances to grab anything you've been after from us, before it's too late!
